Kaya & Hippo

Flexible baby cradle for your home and garden

With Kaya natura, you can always be close to your baby virtually anywhere inside your home or in the garden and still have both hands free; as Kaya natura can be hung up in a stand (not included) Leo, Hippo or Carrello Baby, in any door frame or individually, your baby is always with you without getting in your way.

Kaya natura provides all the advantages of a hammock, e.g. the softly curved back of the baby is protected and supported ergonomically. Babies are absolutely safe in Kaya natura, as the hammock is stretched securely and firmly over the frame and it is secured with four stable Velcro® fasteners. Including variable hanging cords.

INSPECTED AND TESTED IN ACCORDANCE WITH THE EUROPEAN STANDARD EN 1130-1
